

Kansas Forest Service

Order form for tree & shrub seedlings

Spring 2019

Please read this entire form before ordering.

Order online at www.kansasforests.org/conservation_trees/,

by phone at 1-888-740-8733, or by using the order form on the back page.

Bare-Root Shrubs

Item	No. in Unit	Cost/ Unit	Special Price for Large Quantities
🦋 American Plum	25	\$25	30+ units @ \$20/unit
Buffaloberry	25	\$25	30+ units @ \$20/unit
🦋 Buttonbush	25	\$25	30+ units @ \$20/unit
🦋 Chokecherry	25	\$25	30+ units @ \$20/unit
🦋 Common Ninebark	25	\$25	30+ units @ \$20/unit
🦋 Elderberry	25	\$25	30+ units @ \$20/unit
🦋 False Indigo	25	\$25	30+ units @ \$20/unit
🦋 Fragrant Sumac	25	\$25	30+ units @ \$20/unit
🦋 Golden Currant	25	\$25	30+ units @ \$20/unit
* Lilac	25	\$25	30+ units @ \$20/unit
Nannyberry	25	\$25	30+ units @ \$20/unit
Hazelnut	25	\$25	30+ units @ \$20/unit
Peking Cotoneaster	25	\$25	30+ units @ \$20/unit
🦋 Sand Hill Plum	25	\$25	30+ units @ \$20/unit
🦋 Serviceberry	25	\$25	30+ units @ \$20/unit
🦋 Spicebush	25	\$25	30+ units @ \$20/unit

Bare-Root Evergreen Trees

Item	No. in Unit	Cost/ Unit	Special Price for Large Quantities
Eastern Redcedar	25	\$25	15+ units @ \$20/unit
Eastern White Pine	25	\$25	15+ units @ \$20/unit
* Oriental Arborvitae	25	\$25	15+ units @ \$20/unit
Ponderosa Pine	25	\$25	15+ units @ \$20/unit
Rocky Mountain Juniper	25	\$25	15+ units @ \$20/unit

Container-Grown Evergreen Trees

Item	No. in Unit	Cost/ Unit	Special Price for Large Quantities
Black Hills Spruce	25	\$55	15+units @ \$40/unit
Eastern Redcedar	25	\$55	15+units @ \$40/unit
* Oriental Arborvitae	25	\$55	15+units @ \$40/unit
Ponderosa Pine	25	\$55	15+units @ \$40/unit
Southwestern White Pine	25	\$55	15+units @ \$40/unit

* Non-native to the United States. Should not be used in wetland or stream mitigation practices.

🦋 Indicates plant species of particular importance for supporting butterflies, moths, bees, or other insect pollinators as nectar sources or larval host plants.

Bare-Root Deciduous Trees

Item	No. in Unit	Cost/ Unit	Special Price for Large Quantities
Baldcypress	25	\$25	30+ units @ \$20/unit
 Black Cherry	25	\$25	30+ units @\$20/unit
 Black Oak	25	\$25	30+ units @\$20/unit
Black Walnut	25	\$25	30+ units @ \$20/unit
 Bur Oak	25	\$25	30+ units @ \$20/unit
Cherrybark Oak	25	\$25	30+ units @ \$20/unit
 Chinkapin Oak	25	\$25	30+ units @ \$20/unit
 Cottonwood	25	\$25	30+ units @ \$20/unit
 Hackberry	25	\$25	30+ units @ \$20/unit
* Lacebark Elm	25	\$25	30+ units @ \$20/unit
Osage-Orange	25	\$25	30+ units @ \$20/unit
 Northern Red Oak	25	\$25	30+ units @ \$20/unit
 Pawpaw	25	\$25	30+ units @ \$20/unit
Pecan	25	\$25	30+ units @ \$20/unit
Persimmon	25	\$25	30+ units @ \$20/unit
 Pin Oak	25	\$25	30+ units @ \$20/unit
 Redbud	25	\$25	30+ units @ \$20/unit
Red Mulberry	25	\$25	30+ units @ \$20/unit
Shellbark Hickory	25	\$25	30+ units @ \$20/unit
 Shumard Oak	25	\$25	30+ units @ \$20/unit
 Silver Maple	25	\$25	30+ units @ \$20/unit
 Swamp White Oak	25	\$25	30+ units @ \$20/unit
Sycamore	25	\$25	30+ units @ \$20/unit
Stratified Seeds			
Black Walnut Stratified Seed	100	\$15	10+ units @ \$10/unit
Pecan Stratified Seed	100	\$15	10+ units @ \$10/unit

*Non-native to the United States. Should not be used in wetland or stream mitigation practices.

 Indicates plant species of particular importance for supporting butterflies, moths, bees, or other insect pollinators as nectar sources or larval host plants.

Shipping and Handling Fees

Minimum order 25 seedlings

Specials

Item	No. in Unit	Cost/ Unit	Special Price for Large Quantities
🦋 Quail Bundle (Shrubs)	100	\$100	None
Contains 25 each American plum, fragrant sumac, chokecherry and golden currant. Creates a habitat for quail.			
🦋 Pheasant Bundle (Shrubs)	100	\$100	None
Contains 25 each sand hill plum, fragrant sumac, chokecherry and golden currant. Creates a habitat for pheasant.			
Marking Flags	100	\$17	None
100 plastic flags on a 30-inch wire stakes for marking seedling location.			
Rabbit Protective Tubes	25	\$17	None
25 rigid tubes (extruded in a diamond mesh pattern to form a column) approximately 4" × 18", the tubes have an approximate 3-year life span, for use in protecting seedlings from rabbit and deer. Includes 25, 2' bamboo stakes. Although used successfully on many plantings, occasionally various wildlife will pull out the stakes or chew on the tubes or stakes.			
Root Protective Slurry	8 ounces	\$12	None
Eight ounces of a water-absorbing polymer for use as a root dip to protect roots from drying. Treats approximately 300 seedlings. Especially recommended for bare-root seedlings evergreens.			
Tree Tubes – 4'	5	\$28	None
Five translucent polyethylene vented tubes that are 48" tall and approximately 4" wide. They are designed to protect deciduous trees (not evergreens or shrubs) from deer damage and promote faster growth. Includes five oak stakes that are 60" tall and zip ties to anchor the tube. Blue birds can enter the tops of the tubes and become stuck, so it is recommended to cover the tops with cheesecloth or another vented material to restrict top entry.			
Tree Tubes – 5'	5	\$34	None
Five translucent polyethylene vented tubes that are 60" tall and approximately 4" wide. They are designed to protect deciduous trees (not evergreens or shrubs) from deer damage and promote faster growth. Includes five oak stakes that are 72" tall and zip ties to anchor the tube. Blue birds can enter the tops of the tubes and become stuck, so it is recommended to cover the tops with cheesecloth or another vented material to restrict top entry.			
Weed Barrier Fabric and Pins	25	\$62	None
25 pieces of 4' × 4' polypropylene geotextile fabric guaranteed 5 years against ultraviolet deterioration. Welded seams to resist raveling. Used to conserve soil moisture and greatly reduce labor required in weed control. Includes 125 pins for securing fabric squares to the ground around individual plants.			
Additional Weed Barrier Pins	125	\$28	None
Wire staples, 11 gauge, 10" × 2" for holding weed barrier fabric to the ground.			

🦋 *Indicates plant species of particular importance for supporting butterflies, moths, bees, or other insect pollinators as nectar sources or larval host plants.*
